EXPERIENCE

Product Designer at QuillBot

JULY 2023 - PRESENT

1. Led **design research**, such as quantitative data, competitive & market analysis, user feedback, site metrics, and usability testing.
2. Collaborate with **cross-functional teams** on a daily basis to achieve business and user goals that include product managers, engineers, and designers.
3. Currently leading *Cross-pollination team* to achieve OKR impact of business - **Grow browser extensions and get product market fit on apps**.
4. Redesign the Paraphrasing-Tool.com domain website, which resulted in a **75% clicks improvement** on a daily level basis, ranking from **10th to 6th** position in the US.
5. Achieved a **125% improvement** in CTR and a **131% increase in extension installs** through comprehensive user research and iterative prototyping.
6. Led a comprehensive UI refresh of QuillBot's homepage with a focus on enhancing brand presence, resulting in a **600% increase** in clicks compared to the baseline, as validated through A/B testing.
7. Collaborated with **internal stakeholders** to deeply understand product goals and user needs.
8. Optimised Top header for promoting chrome extension, resulting in a **20% increase** in click and improvement in retention.

Product Designer at Squareboat

JAN 2022 - JULY 2023

1. Responsible for leading multiple projects for startups and enterprise clients. Successfully **delivered 16+ digital experiences** for clients like Dr. Reddy's, SISO, Huddle, Accacia, Fastn, and more.
2. **Mentored a team of designers**, providing guidance and support on various projects.
3. Create an **wide range of design system for Fastn using tokens** which helps in building your next web project faster with fastn
4. Worked closely as **Founder Member at Grid Design Studio** by conducting design reviews, ensuring the product is accessible, inclusive, and aligned with user needs.
5. Collaborated closely with **developers** to ensure accurate implementation of designs.

Junior UI/UX Designer at ECHO India

JUN 2020 - JAN 2022

1. Worked on **redesigning** the company's website.
2. Leading designing the **master design system** to maintain consistency in the product.
3. Collaborated with internal stakeholders to deeply understand **product goals and user needs**.
4. Developed comprehensive **UX flows** to ensure a smooth, intuitive experience for users across platform.
